

Press release

Moscow, May 2010

ROLF SCS, the supply chain and logistics business of the ROLF Group, Russia's largest automotive business, has established a new partnership with leading automotive manufacturer – Porsche Group Rus. New agreement will be covering all stages of supply chain, including import of vehicles into Russia, custom clearance, warehouse storage and regional delivery.

ROLF SCS's CEO Marc Brenneiser said: "We are extremely happy to be working with Porsche group. This is a very important vote of confidence in ROLF SCS from one of the world's prestigious manufacturers and recognition of high quality of our services. We guarantee that ROLF SCS will provide excellent service on all stages of delivery process with the highest standards of customer care".

ROLF SCS expects to transfer around 2000 Porsche vehicles in 2010.

ROLF SCS already has major contracts with leading international manufacturers, including Mitsubishi, Hyundai, Sollers, Mercedes, Volkswagen and Geely.
