

MOT testing at ROLF dealerships only after 1st of March 2012

Dear Clients,

Please, be informed that MOT testing will be provided at ROLF dealerships only after the 1st of March 2012.

We would, of course, be glad to provide you with MOT services earlier, but we need some time to acquire our license as the necessary criteria for the accreditation were only published on the 28th of December 2011.

The ROLF team is doing its utmost to deliver MOT testing at our dealerships as soon as possible.

Sorry for any possible inconvenience!

For additional information please contact:
